WIESER CONCRETE HAPPENINGS

Safety Record Pride

MAIDEN ROCK, WI – On November 11th, 2008, Wieser Concrete Products, Inc. celebrated a Safety Record Milestone. The Wieser Concrete Maiden Rock Precast Production facility has been accident free for one (1) year. During the past year, the Maiden Rock work team has had no loss time injuries and continues to add to this outstanding safety record.

To celebrate this milestone, Andy Wieser, President of Wieser Concrete, Dan Wieser, Secretary/Treasurer of Wieser Concrete and Safety Manager, Andy Winkler, prepared and served a grilled steak dinner that was enjoyed by the entire team.

Wieser Concrete's Maiden Rock precast facility is Wieser's original production facility started in 1965. This facility produces precast products for agricultural, commercial and highway applications and is home to Wieser's corporate administrative team.

Growing With Our Customers

2008 has been a busy year for **Wieser Concrete** and our customers. We are very thankful for such great customers and demand for our product.

One cornerstone of any business is customer service and we strive to provide the best service possible. In an effort to build on our history of service and move into the future as our customers grow, **Wieser Concrete's** Maiden Rock location is in the process of expanding our fleet maintenance facility.

This expansion is designed to maximize resources and provide quicker turnaround on fleet and equipment maintenance.

Maintenance Manager - Ron Bechel

Ron Bechel, our Maintenance Manager, is looking forward to having the larger space because it will enable the facility to be better organized and more efficient for the technicians. The expanded space also features a truck wash bay which our drivers will find efficient and easy to use.

The Maiden Rock expansion project is not the only location that is growing to meet customer needs. Our Portage facility is also adding a maintenance facility that includes expanded maintenance space to better serve our growing customer needs.

Each of these expansions will enable our staff to enhance their service and efficiencies making **Wieser Concrete** your best choice for quality product and service.
